Financial Certification Form

Estimated international MFA student expenses for the 2025/2026 academic year (August-May):

All international students who hold an F-1 student visa or who plan to apply for one must complete this form accurately and return it with the requested documentation. We reserve the right to withhold the I-20 until the certification of required funds is received.

A student coming to the United States with insufficient funds to cover expenses will encounter many difficulties. If funds are exhausted after the student enrolls, MCAD or the U.S. Immigration Service could require that the student's registration be canceled and that the student return to their home country.
