

# New Student Laptop Waiver form

2018-19

Admissions Office

START DATE (circle one):    Fall 2018    Spring 2019

PROGRAM (circle one):    BFA    BSc

_____	_____	_____
STUDENT'S NAME	MCAD STUDENT ID #	MACBOOK PRO SERIAL #

## Minimum Laptop Requirements

### Hardware:

13" TouchBar MacBook Pro  
Late model Intel Core i5, or better  
16GB Memory (SDRAM)  
256 GB Flash Storage

### Software:

Mac OS X 10.13 High Sierra

I \_\_\_\_\_ have reviewed the laptop computer requirements and elect to not participate in the MCAD laptop purchase program. I understand that I must have an Apple MacBook Pro that meets the minimum hardware and software requirements when I matriculate to MCAD. I am also solely responsible for any software updates and maintenance to my computer and understand that software updates will occur each calendar year.

By providing my own laptop computer I fully understand that MCAD cannot provide maintenance service to my computer and I will not be able to access programs and services from the MCAD license server. I also will not be able to participate in the discounted MCAD laptop purchase program at a future date. If I need a new machine it will have to be purchased from a retail store along with any additional software.

**Please return this form to MCAD Admissions Office by July 1, 2018.**
